BRAHMAPUTRA CRACKER AND POLYMER LIMITED

SECTION-II

A) BID EVALUATION METHODOLOGY:

A.1 Evaluation of Technical Proposals:

BCPL shall evaluate the Technical Proposals based on the responsiveness to Terms of Reference (TOR)/Scope of Work, marking on Bidder's Quality Assessment Schedule (BQAS). Each responsive Bid/Proposal (i.e. Offer) will be given a Technical Score (St).

BCPL shall evaluate each technical proposal considering several criteria mentioned in BQAS attached in the Tender Document (refer Annexure-A). Then the total points shall be weighted to become total technical score (St).

The bid shall be evaluated based on the overall score using the Quality and Cost Based Selection (QCBS) method and job shall be awarded to the overall highest rank bidder. The bidders are required to score minimum Technical Score (St). of 70% of the total technical score to qualify for opening of financial proposal.

A.2 Evaluation of Financial Proposals:

The proposal with the lowest cost (Fm) shall be given financial score (Sf) of 100 points. The final score of other proposals shall be computed as follows:

$$Sf = 100 \times Fm/F$$

Where F = amount of Financial Proposal

A.3 Combined Quality(technical) and Financial Evaluation

The ratio of weight towards quality and cost shall be 70:30.

The total score shall be obtained by weighting the combined quality/technical and financial scores and adding them, as follows:

$$S = St \times Tw + Sf \times Fw$$

Where,

S = Total score

St = combined technical score

Sf = combined financial score

Tw = weight assigned to technical score i.e. 0.7.

Fw = weight assigned to financial score i.e. 0.3.

For example, if the combined technical score is 80, financial score is 90, then the total score (S) works out to

$$S = 80 \times 0.7 + 90 \times 0.3 = 83$$

The proposal with higher total score will be ranked first (L1). In case of a tie of Total Score, the bidder having higher/highest Technical Score (Quality) shall be considered for award.

Further, in case of tie at both Total Score and Technical Score (Quality) between two or more bidders, the order/LOA will be placed on the bidder who has higher/ highest relevant experience.

Note:

1) BCPL shall evaluate each technical proposal considering the criteria mentioned above.

2) The technical evaluation of the proposal shall be done based on BQAS.

B) BID QUALITY ASSESSMENT SCHEDULE (BQAS)

The offers of bidders meeting requirements of Tender Document shall be evaluated as per the following **Quality & Cost Based Selection (QCBS)** criteria:

- 70% Weightage Score for Quality (Technical Bid)
- 30% Weightage Score for Price Bid (Financial Bid)

ब्रह्मपुत्र क्रेकर और पॉलीमर लिमिटेड

BRAHMAPUTRA CRACKER AND POLYMER LIMITED

(भारत सरकार का उपक्रम)/(A Government of India Enterprise)

It may be noted that Government of India has implemented Trade Receivable Discounting System (TreDS) to address challenges faced by MSMEs in delayed payments (after receipt/acceptance of Material/Services) from Government buyers leading to shortfall of Working Capital. TreDS is an online electronic institutional mechanism for facilitating the financing of trade receivables of MSMEs through multiple financiers. BCPL is already registered on the following TreDS platform:

- M/s A. TREDIS (Invoicemart), Mumbai

MSME Bidders are required to register on the TreDS platform. The MSME vendors can avail the TREDIS facility, if they want to.

Interest payment on delayed payments to MSME is payable in line with Micro, Small and Medium Enterprises Development Act, 2006.

Considering the nature of job, splitting of quantities will not be possible in this case and hence the clause for award of 25 % of ordered quantity to MSE as per PPP 2012 is not possible. Therefore, MSE quoting price within price band L1 (other than MSE) + 15%, may be awarded for full / complete services of tendered value subject to matching of L1 price as per ITB of tender document. In case two or more MSE bidders comes within the price band of L1 + 15%, the preference to match the L1 rate shall be given in sequence of their inter-se position (L2, L3... and so on). In case of tie, the MSE bidder having highest turnover shall be awarded subject to matching of L1 price”.

As per GEM policy/guidelines, MSE bidders have to update their status in their Profile and declare whether they are participating as MSE on GeM Portal (including updating their status in Profile) while submitting the bid on GeM tender. Further, MSE are required to upload relevant documents in bid as per provision of tender. However, the applicability of EMD exemption will be based on the confirmations & documents submitted by the bidder in their bid irrespective of selection/option made on GeM portal.

Bidders are required to select the applicable purchase preference (i.e. preference category) option while submitting the bid on GeM portal and evaluation and applicability of purchase preference policy will be based on the confirmations & documents submitted by the bidder in their bid depending on selection/option made on GeM portal by L1 bidder. In case a bidder does not select the EMD Exemption and or Purchase Preference option on GeM Portal and happens to be L1 bidder, matching option to other MSE bidders may be given if appears in system.

Note: The Public Procurement Policy for MSEs is meant for procurement of only goods produced & Services rendered by MSEs. The benefit of policy are not extended to the traders/dealers/Distributors/Stockiest/Wholesalers. If the major activity of the MSE is Trading/Services(Trading) then the unit is a trader and is not eligible for availing the benefits of Public Procurement Policy for MSEs Order, 2012. Further, for considering Purchase Preference benefits including exemption for EMD, the bidder should be a Manufacturer or service provider of the item(s)/Service(s) to be procured. In case of evaluation on overall basis, the bidder should be a manufacturer or service provider of any of the item(s)/Service(s) to be procured.

TERM OF REFERENCE (TOR)

Background

Brahmaputra Cracker and Polymer Limited (BCPL), a Central Public Sector Enterprise under the Ministry of Petroleum & Natural Gas (MoPNG), Govt. of India and is located at Lepetkata, Dibrugarh City, Assam, India. It operates the largest petrochemical complex in Northeast India. BCPL is a JV company with equity shareholders of GAIL (India) Limited, Oil India Ltd (OIL), Numaligarh Refinery Limited (NRL) and Government of Assam. The principal end products of the complex are Linear Low-Density Polyethylene (LLDPE) and High-Density Polyethylene (HDPE) of 220 KTA and Polypropylene (PP) of 60,000 TPA. These products are being marketed in Northeast, East, North, Southern part of India and export to Bhutan and Bangladesh.

As part of its diversification strategy and commitment towards sustainable development, circular economy and management of plastic waste, BCPL intends to establish a 15 TPD Waste Plastic-to-Oil Plant at Dibrugarh, Assam. The feedstock of waste plastic is expected to source from Dibrugarh municipality waste and other nearby plastic waste collectors. The proposed plant is envisaged to process waste plastic through an appropriate pyrolysis process to produce pyrolysis oil suitable for marketing under ISCC PLUS (International Sustainability and Carbon Certification) certification, along with associated by-products.

In this regard, BCPL has already undertaken a **Pre-Feasibility Report (PFR)** study to assess the technical and commercial viability of the proposed Waste Plastic-to-Oil project. Further, through an Expression of Interest (EOI) process, BCPL has evaluated and selected the suitable technology for implementation of the proposed 15 TPD Waste Plastic-to-Oil Plant.

As a way forward, BCPL now intends to undertake a Detailed Feasibility Study through an experienced and suitably qualified Consultant, based on the findings of the PFR and the selected technology, in accordance with the Terms of Reference (TOR), Special Condition of Contract (SCC) and Scope of Work and applicable terms and conditions of the contract.

Strategic Significance of the Project

The proposed project is of strategic significance to BCPL and is envisaged to contribute to the Company's sustainability, circular economy and waste management objectives. The project is expected to:

1. Support compliance with Extended Producer Responsibility (EPR) requirements under the applicable provisions of the Plastic Waste Management Rules, 2024 and associated regulatory framework.
2. Facilitate value recovery from plastic waste through appropriate waste valorization pathways, with the potential to generate an additional revenue stream for BCPL.

5. Contribute to the Government of India's initiatives relating to scientific management of plastic waste, resource recovery, waste-to-energy and energy transition.
